

More Than Bricks & Mortar: Creating Housing & Community with Those Having Developmental Disabilities

Our presenter Attorney Dan Blauw has served the Grand Rapids community for twenty years, specializing in helping families navigate disability-related matters, including housing. Dan practices law with his colleague attorney Sarah Kilpatrick (<http://www.blauwkirkpatricklaw.com>).

His presentation will provide an overview of the innovative home and community options in West Michigan and make a case for the important of three key foci in envisioning, planning and developing new projects. There will be opportunity for Q&A and meeting others who share your interest in creating bright futures for our family members and friends with developmental disabilities.

The event is hosted by “Imagine US” (United and Serving) Special Needs Team of [Redeemer Covenant Church](#) in Gaines Township, 6951 Hanna Lake Avenue SE, Dutton, on Wednesday, June 5 from 6:30-8:00 pm.

This event is open to the public. Please RSVP here so that we can plan materials and refreshments: <https://bricksjune5.eventbrite.com>.
